Subject: Status of corrected deed notice

Curt,

I wanted to keep you up to date on the status of this. I am attaching a final draft of the Corrected Deed Notice and Restrictions for the Arkwood site. We have discussed several iterations of this draft with your father. We have incorporated his comments and expect that this document will be finalized soon. This final draft of the Corrected Deed Notice and Restrictions has been faxed to your father to review. Your father asked that EPA send you this draft for your review, also.
